

Key Indicator - 6.2 Strategy Developments and Deployment

Metric No.	
6.2.1 QM	<p>The institutional perspective plan is effectively deployed and functioning of the institutional bodies is effective and efficient as visible from policies, administrative setup, appointment and service rules, procedures, etc.</p> <p>The Higher Education Department of Gujarat State has notified the state universities of Gujarat to implement the “Gujarat Public Universities Act, 2023” (GPUA 2023) as of September 25, 2023. The GPUA 2023 is a step towards the effective implementation of the National Education Policy (NEP) 2020. KSKV Kachchh University has successfully executed this Act and reformed its operational procedures accordingly, ensuring the effective enactment of NEP 2020 guidelines, from classroom education to the functioning of academic and administrative bodies.</p> <p>The university and its departments have prepared five-year perspective plans to set milestones for the future. These plans reflect the ideals and objectives of the university’s mission and vision, as well as the guidelines of GPUA 2023. The larger goal is to build a solid foundation that will enable the university to achieve a robust academic culture, where day-to-day classroom teaching is as important as developing a research ecosystem that addresses local and global challenges. The university firmly believes that students are key stakeholders, and all its endeavours are directed toward ensuring they are the primary beneficiaries of all plans and programs. The university has made sure that these institutional plans are effectively implemented, as evidenced by the following activities:</p> <ul style="list-style-type: none"> • The implementation of the initial phase of the National Education Policy (NEP-2020) with a strong emphasis on innovation, interdisciplinary perspectives, capacity building, gender equality, and environmental sustainability, among other priorities. • The revision of the curriculum in accordance with the NEP 2020 framework to ensure the inclusive growth of students and the institution. • The introduction of the Question Paper Delivery System (QPDS) to simplify the entire exam process. • The implementation of the Academic Bank of Credits to facilitate academic mobility and credit transfer for students. • The signing of Memoranda of Understanding (MoUs) with various organizations, including corporate companies, banks, academic institutions, NGOs, hospitals, research organizations, and industry partners, to open up opportunities for students. • The organization of various programs to raise awareness about social and environmental issues, including participation in the Swachh Bharat Programme, an organ donation awareness initiative, an anti-drug addiction drive, and sensitization programs on climate change and global warming. <p>Moreover, the university has formed various institutional bodies, such as the Board of Management, the Executive Council, the Academic Council, the Board of Deans, the Board of Studies, and the Board of Research, in accordance with the statutory</p>

guidelines of GPU A 2023. The formation and functioning of various committees, including the IQAC, Admission Committee, Students' Grievance Cell, Women's Grievance Cell, Placement Cell, Equal Opportunity Cell, CCDC, NSS Unit, Media Cell, R&D Cell, Alumni Cell, Statistics Cell, and Purchase Committee, have also been established as per the directives of GPU A 2023. All university appointments, from the Vice-Chancellor to support staff, are made in alignment with the university's vision and mission, as well as GPU A 2023 and UGC regulations. The policies of the university, its administrative structure, appointment and service rules, and procedures are highlighted through the university's prospective plans and institutional bodies.
