Krantiguru Shyamji Krishna Verma Kachchh University, Bhuj Master of Science (Computer Applications & Information Technology) Semester: VI

| Title of Paper: Practical Based on CCCS621 Otal Marks: 70 Time: 3 Hrs 1. Write a PHP program to display "Hello World" Message on Screen. 2. Write a PHP program to display the today's date and current time. 3. Write a PHP program to read the employee detail using form component. 4. Write a PHP program to display the Fibonacci series. 5. Write a PHP program to calculate sum of given number. 6. Write a PHP Program that will use the concept form. 7. Write a PHP Program to send Mail from PHP Script. 8. Write a PHP Program to Recursive Traversals of Directory. 10. Write a PHP Program to Validate Input Data. 11. Write a PHP Program to Upload File. 12. Write a PHP program to demonstrate the use of array. 13. Write a PHP program to prepare student Mark sheet. 14. Write a PHP program to generate the multiplication of matrix. 15. Write a PHP program to add new rows in a Table. 17. Write a PHP program to modify the rows in a Table. 18. Write a PHP program to delete the rows in a Table. 19. Write a PHP program to fetch rows in a Table. 20. Develop an PHP application to make following Operation i. Registration of user. ii. Insert the details of user. iii. Modify the details. iii. Modify the details. iii. Transaction Maintained like the use of session and cookies variable. | Paper Code: CCCS623 | Total Credit : |
